

The memorial *slideshow*

FROM ONLY
£35

A beautifully presented slideshow of the family's photographs, silent by design so their own song plays live over it at the service, then loops at the gathering afterwards. Made under your name, delivered before the service, and the family keep a copy. You set the price families pay.

01

No 25 photo cap

Obitus list pricing is £54 for a silent slideshow capped at 25 photographs, then £29 for every extra 25. Ours takes as many photographs as the family have, for £35 flat.

02

Plays on your venue's screen

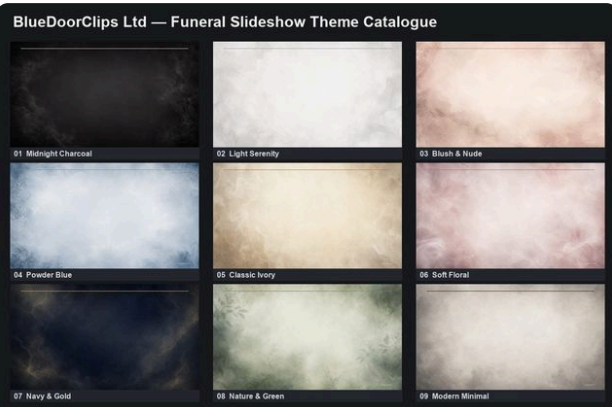

Delivered to the family supplied video spec that Obitus and Wesley Media accept, full HD 16:9, so it goes straight in with nothing further at your end.

03

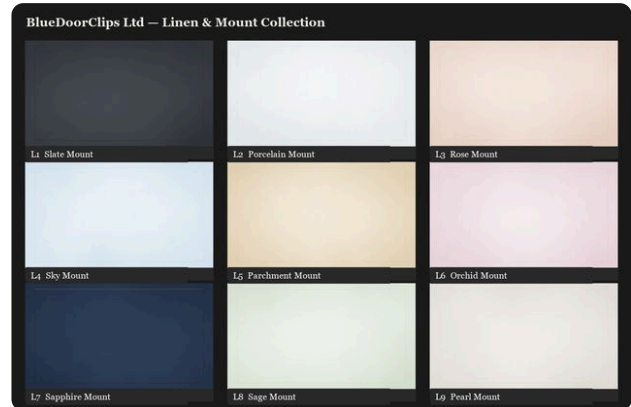

Old photographs, rescued

Creased, faded or tiny prints are restored and enlarged so they hold up on a chapel screen. £10 for the whole film, and free when it is only a photograph or two. Shown below, not just claimed.

EIGHTEEN THEMES, NINE COLOURS IN TWO FINISHES

The Smoke collection, soft and atmospheric

The Linen and Mount collection, quieter and more formal

PHOTO RESTORATION, BEFORE AND AFTER

BEFORE

AFTER

A creased family print, restored and enlarged for the screen

1 · Send us the photos

Your arranger forwards our upload link to the family, and they add photographs straight from their phone. That is all you do.

2 · Family approves a preview

We build the slideshow and send a private preview link. Changes are free. Nothing plays on the day unseen.

3 · Delivered before the service

With 48 hours notice, guaranteed before the service in the format UK crematoria accept, or it is free.

Tribute *films*, with music and home video

When a family want more than slides: professionally edited films with licensed music built in, home video clips woven through, and no limit on photographs. Twenty film styles on top of the eighteen slideshow themes, 38 in all. Full length examples at bluedoorclips.com/styles.

The QR *code*

1 · Before the service

On the funeral notification

A QR code added to the funeral notice. Family and friends scan it and send in their photographs, clips and memories ahead of the day, and we weave the best of them into the tribute film.

2 · After the service

Everyone's messages, made into a film

Guests scan a code at the service or the wake and record their own clips and messages. We edit everything into a bespoke keepsake film for the family to keep.

- ✓ Before the service with 48 hours notice, or it is free
- ✓ Free re edits inside the timeline, a wrong photo or a different song changed without question
- ✓ It will play. Delivered to the Obitus and Wesley Media family supplied spec

- ✓ Licensed music on Standard and above, cleared for the family to keep and share
- ✓ Family photographs treated as strictly confidential and deleted after delivery
- ✓ You set the price families pay, and keep the margin
